LinkedIn | +251 974 07 97 48| fraol.com | fraolashebir84@gmail.com | GitHub

Skills

- JavaScript | React | Redux | jQuery | HTML | CSS | PHP | NoSQL | Git | MSSQL | MySQL | MongoDb | Node | Express | TypeScript | C++
- OOP | Microservices | Distributed Systems | Frontend | Backend | Full-Stack | English, Amharic – *All professional proficiency or above*

Projects

- **Rent-Master:** Builder of a property management system, saving properties 50% less time(React.js, Node.js,). Link to live Demo.
- **Amazon-Clone:** Creator of an Amazon-inspired e-commerce platform clone (React.js, Node.js, MongoDB). Link to live Demo.
- **Netflix-Clone:** Architect behind a Netflix-inspired streaming service replica (React.js, Node.js). Access to live Demo.
- **Apple-Clone:** Developer of an Apple-inspired digital ecosystem emulation (React.js, Node.js). Watch the Demo.

Experience

Software Engineer	**Unity University**	**04/2022 - present**

- Dynamic Web Developer with a passion for crafting intuitive web applications and designing captivating web layouts.
- Proficient in problem-solving and creative troubleshooting, leveraging comprehensive education and experience.
- Skilled in managing complex projects with a strong work ethic and adaptability to dynamic environments.
- Experienced in collaboration, team building, and leadership across diverse operation.
- Successfully contributed to multiple college projects, demonstrating effective group collaboration.
- Proficient in utilizing AI tools such as ChatGPT and Copilot to enhance project efficiency and innovation.

Software Engineer	**Evangadi Tech**	**02/2023 - 04/2024**

- Engaged in a MERN stack web development bootcamp at Evangadi Tech, honing skills in MongoDB, Express.js, React.js, and Node.js.
- Applied problem-solving abilities and creative thinking to tackle various challenges in web application development.
- Demonstrated adaptability and resilience in navigating the fast-paced and dynamic environment of the bootcamp.
- Collaborated effectively with peers on group projects, fostering teamwork and achieving shared goals.
- Exhibited leadership qualities by taking initiative and guiding team members through complex tasks.

Soft Skills

- Effective Communication: Demonstrated ability to convey complex technical concepts in a clear and concise manner, fostering collaboration and understanding among team members.
- Problem-Solving: Proven track record of identifying issues, analyzing root causes, and implementing effective solutions to overcome challenges in both individual and team settings.
- Adaptability: Thrive in fast-paced and ever-changing environments, adept at adjusting strategies and priorities to meet evolving project requirements and deadlines.
- Time Management: Exceptional organizational skills with the ability to prioritize tasks, manage competing demands, and meet project milestones efficiently.
- Team Collaboration: Strong team player with a collaborative mindset, contributing actively to group discussions, sharing knowledge, and supporting colleagues to achieve common goals.
- Leadership: Natural leadership qualities demonstrated through the ability to motivate and inspire team members, delegate tasks effectively, and provide guidance in complex situations.
- Creativity: Innovative thinker with a creative approach to problem-solving, constantly seeking out new ideas and solutions to improve processes and enhance project outcomes.
- Attention to Detail: Meticulous attention to detail in all aspects of work, ensuring accuracy and quality in coding, design, and project implementation.
- Emotional Intelligence: High level of emotional intelligence, able to empathize with others, navigate conflicts diplomatically, and build positive working relationships across diverse teams.

Education

Bachelor of Science	**Unity University**	*Addis Ababa, Ethiopia*	**04/2022 - present**

- Major in Computer Science
